The Whitehead Institute and Department of Biology at M.I.T. are seeking an outstanding scientist for a tenure track faculty position at the Assistant Professor level. We are interested in candidates who are pursuing fundamental problems in biology. Areas of interest include but are not limited to development, cell biology, adult biology (including adult stem cells), human genetics, structural biology, chemical biology, and computational biology. A successful applicant will be expected to develop a significant, independent research program and to share our commitment to excellence in undergraduate and graduate education.

Applicants should submit curriculum vitae and a summary of current and proposed research programs, and should arrange for three letters of recommendation to be sent to David C. Page, Director, at:

https://facultysearch.wi.mit.edu/

Completed applications will begin to be considered on October 15, 2014.

Whitehead/MIT is an Affirmative Action/Equal Opportunity employer. Qualified women and minority candidates are especially encouraged to apply.
